Paddock Likit FAQs

What is the Paddock Likit?

The new Paddock Likit is an all purpose vitamin and mineral lick with Garlic, Yeast and Omega 3 Oils for use in the field or in the stable.

Why use the Paddock Likit?

Many modern pastures are deficient in vitamins and minerals essential to a horse's health and well-being. Therefore it is important to offer horses free access to supplementary vitamins and minerals for use as and when they require. The Paddock Likit is the easy way to do this, being high in essential vitamins, minerals and trace elements.

What is the Happy Hooves Formula in my Paddock Likit?

The Happy Hooves Formula is a combination of Biotin, Methionine and Zinc, designed to properly address and correct the problems in a horse's hoof such as, toe cracks, white line disease, thrush or any number of common problems. This logical combination of supplements is designed to facilitate high-quality hoof growth and promote healing.

What makes the Paddock Likit different from others on the market?

The Paddock Likit is designed to appeal to both young and old horse owners alike, its attractive packaging and manageable size make it stand out from other such products on the market. In addition, the Paddock Likit has all the benefits you would expect from a Vitamin and Mineral lick plus Garlic, Yeast and Omega 3 Oils.

How long will the Paddock Likit last?

The Paddock Likit will last the average horse approximately two months. However, this will obviously vary dependent on the horse's size, workload and diet.

Will rain affect the Paddock Likit?

The inclusion of Omega 3 Oils will help to repel water to some extent. However, prolonged rain may affect the surface of the Paddock Likit and make it slightly soft, this can easily be remedied by removing the top layer. To avoid this problem tip out any standing water regularly.

Is the Paddock Likit suitable for horses prone to laminitis?

Provided your horse does not consume more than the recommended levels, the Paddock Likit is safe for horses prone to laminitis. If you find your horse is over consuming, allow access for a limited time only.

Can the Paddock Likit be used in the stable?

Yes, the Paddock Likit is designed to be used both in the field or in the stable at ground level, which is the most natural way for your horse to feed.
